Middle School Supply List 2026-2027

Please remember that space for personal belongings is limited at school and students do not have their own assigned tables or desks. Students will be provided with a locker and will be expected to keep all materials put away when not in use. If you wish to take advantage of summer sales and stock up on items, consider bringing to school only what you currently need. During the course of the year, you can expect to purchase additional items as needed, such as materials for your independent project, extra pens and pencils, graph paper, etc.
Note: Middle School students do not keep a plastic box of spare clothing at school.
